Reason	As the company's auditor is unable to give a conclusion on the financial statements ended June 30, 2018, the SEC may require that the company amends its financial statements. SET, therefore, remains "NP" sign until the company is able to submit its amended financial statements or the SEC concludes that the company doesn't have to amend its financial statements.
Remark	
As SSI is the listed company facing possible delisting due to operations or financial conditions (NC-Stage 3), SET has still suspended trading of SSI's securities until the company could solve the causes of delisting in accordance with the SET's guideline.
